W. S. Mont. Phil^a

Dear Sir
Yours for 22^d was rec^d.
in my absence. I am happy to know
the result of the McKee trial & that
it proves so good. We have another
case in Phil^a which we sent there
supposing it was sold but there was
a misunderstanding about it & we shall
take it away. I would be pleased to
have you take that also & test it &
if it proves same as the other it will
be quite satisfactory to me & I will at
least guarantee you against any loss
in the experiment. Should you want
any of this article hereafter we can
furnish it on very favorable terms.

Yours truly,
Chas Benedict
